

# Technology Requirements of Suzhou Enterprises

## Area of activity - Industrial Automation

NO.	Technology Requirement	Enterprise
1	Port crane automation system development	Rainbow-Cargotec Industries Co., Ltd.
2	Intelligent clothing design, cutting, sewing production line	Jiangsu Huajia Silk Co., Ltd.
3	New intelligent automatic line of glass mould	Suzhou Ori Mould Technology Co., Ltd.
4	Intelligent manufacturing platform based on MES system	Suzhou Fuqiang Technology Co., Ltd.
5	Cosmetic cotton and other related equipment speed up, packaging automation	Suzhou Linglan Sanitary Products Co., Ltd.
6	Development of automatic production line for bagging and packaging	Kunshan Shuangxia Plastic Co., Ltd.
7	Research and development and industrialization of multi-functional integrated logistics sorting system integration project	Changshu Bailian Automatic Machinery Co., Ltd.
8	Solid waste pretreatment complete set of environmental protection equipment and intelligent sorting system project	Taicang Jinma Intelligent Equipment Co., Ltd.
9	Intelligent workshop renovation	Suzhou Rongwen Cooper Lighting System Co., Ltd.
10	Manipulator	Zhangjiagang Lanhang Machinery Co., Ltd.
11	Intelligent identification and material handling equipment development	EUROCRANE
12	One Belt And One Road - oriented cold chain logistics multi-modal intelligent equipment	Taicang Cimc Refrigerated Logistics Equipment Co., Ltd.

Società per  
l'**Innovazione**  
la **Cooperazione** e  
l'**Internazionalizzazione**

NO.	Technology Requirement	Enterprise
13	Application of visual inspection in automation equipment	HOSTAR
14	Medical equipment information and control system integration	Suzhou Anshu Medical Technology Co., Ltd.
15	After the corner column line unmanned automatic line	Taicang Cimc Container Manufacturing Co., Ltd.
